Argentina

Name of Resource	National Action Plan to Combat Trafficking and Exploitation of Persons 2018–2020
Type	Policy
Country / jurisdiction	Argentina
Enacting authority	Enacting authority Executive Committee for the Fight against Trafficking and Exploitation of Persons
Entry into force / date of approval	17 June 2016
Description	The National Action Plan focuses on three main areas: prevention, assistance, and prosecution. It is comprised of measures and actions that detail the objectives of the government, specifically tackling the cultural perception of trafficking and exploitation. The plan lists a series of information, awareness and training activities that will be carried out in various sectors, aimed at different audiences. It focuses on strengthening the detection and prevention capabilities of state officials and agents.
