Description	Clean Clothes Campaign is an international alliance dedicated to improving working conditions and empowering workers in the global garment and sportswear industries. It brings together trade unions and NGOs covering a broad spectrum of perspectives and interests, such as women's rights, consumer advocacy and poverty reduction. As a grass-roots network of hundreds of organizations, both in garment-producing and in consumer markets, the Campaign can identify local problems and objectives and transform them into global actions. Clean Clothes Campaign develops campaign strategies to support workers in achieving their goals.
