Database & Analysis of Company Reporting

Name of Resource	Database & Analysis of Company Reporting
Type	Registry / data base
Country / jurisdiction	Global
Organization	Human Rights Reporting and Assurance Framework Initiative, co-facilitated by Shift and Mazars
Date of publishing	August 2016
Description	The United Nations Guiding Principles Reporting Database is an independent, public resource developed by Shift that makes it possible for anybody to see what some of the world's largest companies say about human rights. By shining a light on companies' existing reporting about their human rights practices, the source aims to increase awareness of both lagging and leading practices, thereby incentivizing improvements that can make a real difference in the lives of people affected by business.
