Inclusive Labour Monitoring System

Name of Resource	Inclusive Labour Monitoring System
Type	Monitoring / Assistance
Country / jurisdiction	Global
Organization	Issara Institute
Date of publishing	2019
Description	Issara's Inclusive Labour Monitoring approach allows for the continuous monitoring of workplaces across partners' extended supply chains through direct engagement with workers who report issues and seek assistance through the Issara hotline and other smartphone-enabled worker voice channels. Issara worker voice channels are true worker voice, they capture worker feedback for the purpose of driving remediation and responsiveness to workers.
