

Model Sweatfree Procurement Policy

Name of Resource	Model Sweatfree Procurement Policy
Type	Policy implementation tool
Country / jurisdiction	Global
Organization	Sweat Free Purchasing Consortium
Date of publishing	2012
Description	The Sweatfree Purchasing Consortium's model, Sweatfree Policy, is designed to assist governmental entities in developing their own sweat free policies. It is intended to alert governmental entities to issues that affect the procurement of apparel, textiles, and laundry services, and guide them as they develop policies governing those procurements. It is not intended to serve as an exhaustive treatment of requirements and rules for application. Rather, governmental entities should feel free to use it as a starting point for development of a specific policy that complies with their own policies, statutes and regulations.
