Slavery and Trafficking Risk Template

Name of Resource	Slavery and Trafficking Risk Template
Type	Analysis tool
Country / jurisdiction	Global
Organization	The Social Responsibility Alliance
Date of publishing	2017
Description	The Slavery and Trafficking Risk Template (STRT) is the free, open-source industry standard template used to assist companies in their efforts to comply with human trafficking and modern slavery legislation and improve their supply chain-related public disclosures. The STRT helps companies and their suppliers work together to build socially responsible supply chains by facilitating accurate data collection. The STRT facilitates human trafficking and modern slavery related data collection and analysis, helping companies and their supply chains work together to engage in more ethical operations. The data collected gives companies visibility into their supply chain operations and prioritizes due diligence and risk mitigation actions. The template was developed with support and input from a consortium of stakeholders involved in the STRT Development Committee.
