De scri ption	Seeking to map and understand this emerging field of intervention, the DemandAT project has recently completed a project documenting and analyzing initiatives launched to address trafficking, forced labour and slavery (TFLS)-supply chains nexus as part the DemandAT project on 'demand side measures against trafficking'. The research involved extensive desk-based identification and analysis of 97 initiatives at the TFLS-supply chain nexus. Fieldwork in Qatar, the U.S. and Malaysia then explored selected initiatives in further depth. The Policy Brief covers four issues: 1) the question of responsibility and liability in supply chains; 2) enforceability of initiatives; 3) prospects for worker participation; and 4) the role of public regulation to protect workers' and migrants' rights and labour standards.
