

Enable Training toolkit on addressing child labor and forced labor in agricultural supply chains

FAIR LABOR
ASSOCIATION_™

Name of Resource	Enable Training toolkit on addressing child labor and forced labor in agricultural supply chains
Type	Practical/implementation tool
Country / jurisdiction	Global
Organization	Fair Labor Association
Date of publishing	12 December 2018
Description	The Fair Labor Association developed the Enable Training Toolkit to prepare sustainability managers, master trainers, and field-level practitioners to apply components of the USDA Guidelines for Eliminating Child Labor and Forced Labor in Agricultural Supply Chains in the context of their own organizations. It aids in the understanding of implementing a human rights due diligence programme. The Enable Toolkit contains six training modules, a facilitator's guide, presentation slides, and a participant manual. The toolkit provides guidance to companies and suppliers who are interested in adopting the USDA Guidelines or similar responsible sourcing frameworks, and supports fulfilment of emerging regulatory requirements on supply chain mapping and the abolition of child labour issues in supply chains. The EnableToolkit is based on a modular approach and can be conducted consecutively or as independent courses.
