D e s c r i p t i o n	The Resource Guide provides guidance and background information for anti-trafficking NGOs in Europe on the role of the private sector in trafficking in human beings. It provides facts and figures on human trafficking and forced labour in Europe, an explanation of the overlaps and differences in the legal definitions of human trafficking and forced labour, as well as numerous case studies on human trafficking and forced labour in Europe throughout the text. It also provides some strategic guidance on whether and how anti-trafficking organizations can best engage with the private sector, if they choose to involve this new stakeholder in their work.
