Guide to buying responsibly

Name of Reso urce	Guide to buying responsibly
Туре	Guidance on policy / legislation implementation
Count ry / jurisdi ction	Global
Orga nizati on	Ethical Trading Initiative
Date of publis hing	7 September 2017
Descr	This Guidance focuses on companies and their purchasing practices, drawing on the findings of a collaborative supplier survey run in partnership between the joint ethical trading initiatives and the International Labour Organization, with support from SEDEX. The guide includes best practice examples and outlines the five key business practices that influence wages and working conditions.
