Inclusive Labour Monitoring System

Nam e of Res ource	Inclusive Labour Monitoring System
Туре	Monitoring / Assistance
Cou ntry / juris dicti on	Global
Org aniz ation	Issara Institute
Date of publi shing	2019
Des cripti on	Issara's Inclusive Labour Monitoring approach allows for the continuous monitoring of workplaces across partners' extended supply chains through direct engagement with workers who report issues and seek assistance through the Issara hotline and other smartphone-enabled worker voice channels. Issara worker voice channels are true worker voice, they capture worker feedback for the purpose of driving remediation and responsiveness to workers.
