

National Strategy for Combating Human Trafficking 2017–2021

Name of Resource	National Strategy for Combating Human Trafficking 2017–2021	
Type	Policy	
Country / jurisdiction	Bulgaria	
Enacting authority	National Commission for Combating Trafficking in Human Beings	
Entry into force / date of approval	2016	
Description	The National Strategy for Combating Trafficking in Human Beings 2017-2021 is Bulgaria's main policy document that sets out the priorities and objectives related to the effective and long-term prevention of the crime and its effects. It aims to create a comprehensive policy regarding human trafficking, which will regulate the type and system of measures, through which it will reach operative, effective and efficient horizontal and vertical coordination and interaction between all agencies, institutions and organizations, including the civil sector involved with the work on this problem.
