Description	<p>The Bureau of International Labor Affairs (ILAB) maintains a list of goods and their source countries which it has reason to believe are produced by child labour or forced labour in violation of international standards, as required under the Trafficking Victims Protection Reauthorization Act (TVPRA) of 2005 and subsequent reauthorizations. The List of Goods Produced by child or forced labour comprises 148 goods from 76 countries, as of 20 September 2018. ILAB maintains the List primarily to raise public awareness about forced and child labour around the world and to promote efforts to combat them; it is not intended to be punitive, but rather to serve as a catalyst for more strategic and focused coordination and collaboration among those working to address these problems. Publication of the List has resulted in new opportunities for ILAB to engage with foreign governments to combat forced and child labour. It is also a valuable resource for researchers, advocacy organizations and companies wishing to carry out risk assessments and engage in due diligence on labour rights in their supply chains.</p>
